WASHINGTON, D.C. 20515

October 16, 1978

Dear Bob:

As you probably know, because the Committee is winding down, the decision has been made to terminate L. J.'s services as of October 31.

I'm sure that you are wondering how you stand salary-wise with the Committee because of the duplicate salary payments from the New Orleans Police Department.

The following are my calculations of how you stand.

You were hired August 15, 1977 at an annual salary of $24,000.00 and taken off the payroll February 28, 1978. Your W-2 statement for 1977 gave a salary of $16,637.46 from the New Orleans Police Department. The monthly amount would be $1,386.46 ($16,637.46 ÷ 12). Prorating this amount would give $9,058.21 while on the payroll of the Committee ($1,386.46 per month for the period August 15, 1977 to February 28, 1978).

You have been due $613.54 per month from the Committee since March 1, 1978 (the difference between your Committee salary of $2,000.00 per month and $1,386.46). Dividing $613.54 into $9,058.21 (the overpayment referred to above) would carry you almost 15 months or until June 1, 1979.

According to the affidavit from your payroll supervisor, your base pay during the period you have been with the Committee is $1,273.00 per month. If we use this lower figure instead of the $1,386.46 which I got by dividing the amount on your W-2 by 12 and I went through the same calculations as above, the overpayment would carry you about 11½ months or until February 15, 1979.

Either way, the duplicate payment by the New Orleans Police Department for the period August 15, 1977 to February 28, 1978 is more than enough to carry you through December 31, 1978 without any further payments from the Committee.

Please give me a call if you have any questions or dispute any of my figures.

Sincerely yours,

Tom

Oct. 30, 1978

Dear Tom:

I recieved your letter of Oct. 16, 1978 and agree with your last figures which indicate my base pay as $1,273.00 per month. The W-2 form includes overtime and uniform allowances that are not subject to Committee Consideration. This still leaves me paid until Feb. 15, 1979. This is not accurate due to insufficient data given to you.

The following will explain my present position.

The City of New Orleans allows employees to accrue annual leave at the rate of 21 days per year (1 3/4 per month). This annual leave can be accumulated for a maximim of 90 days and be carried from one year to the next. In 1977 I ended the year with 102 days of which 12 days was dropped from the rolls due to committee employment. These are all working days, for each five totaled I recieve 2 days off, similar to a week end. In 1978 I will lose 21 days (working) from the rolls. This is 33 working days or 6 weeks and 3 days (33 ÷ 5= 6 X 7 + 3 =45).

The 33 days from the City amounts to $1,937.66 at $7.34 per hour. This amount does not take into account the number of weeks nor the 14 days annual leave that the committee would allow. The total consecutive days would be 45 + 14 = 59. This would be one day short of two months at $2,000.00 per month from the Committee. You can see that this could get into an accountant problem.

I am suggesting that the Committee not pay me anything further in salary but that I be given the above stated time off. I would like to be off from Nov. 15 thru Dec 31. 1978. I would still be avialable to get needed information to help write the report (if the Committee continues my phone service)

I am not an accountant and would rather not get into the dollars and cents involved. The time off would be a practical solution in my opinion.

I will talk with you and Cliff further about this matter.

Sincerely In Christ

TO: Professor G. Robert Blakey

FROM: Cliff Fenton

DATE: August 15, 1977

RE: Recommendation for employment - Robert P. Buras, Jr.

It is recommended that Robert P. Buras, Jr. be hired for appointment to the position of Senior Investigator at a salary of $24,000 per annum effective this date. Even though his homicide investigatory experience is limited, his experiences in law enforcement would be beneficial to our investigation.

Mr. Buras, who is a Lieutenant, has been with the New Orleans Police Department for eighteen (18) years. He appeared to be a loyal and committed person and showed a strong desire to join the JFK Task Force. He is presently in New Orleans, Louisiana and will be stationed thereat.

RESUME

Burton A. Chardak
620 Hermit st.,
Phila., Penna. 19128
Telephone: IV 3-5411

Birth date and place: Jan. 12, 1925, Phila., Pa.

Marital status: Married with three children (one married and living in San Francisco, one studying at Temple Abroad in Rome, one in the last year of high school.)

Ability to relocate: House is sold with settlement in June. I could move to Washington within two weeks, family would follow in June.

Education: Bachelor of Science degree with major in journalism and minor in economics, Temple University, February, 1951; master of arts degree in economics, Temple, June, 1955. Six months of general college work at Kutztown State Teachers College while in service; several courses in economics of Latin America while at Mexico City College and several noncredit courses in statistics at Temple. Thesis was on The Business Cycle and Unemployment.

Service: Two years, ten months, Army Air Corps. Honorable discharge.

Work record: Editor of both Suburban Press and Mount Airy Hearld from February, 1951, to April, 1952.

Evening and Sunday Bulletin from April, 1952, to present in various capacities: Started in financial department as clerk and reporter. After three years transferred to city desk as police reporter, night rewrite and general assignment. Later assigned to courts and district attorney's office. Then was reporter at large, making own assignments.

The Evening and Sunday Bulletin

30TH AND MARKET STREETS PHILADELPHIA, PA. 19101

Serving the Greater Philadelphia and South Jersey Area

Next, I was assigned to Harrisburg to cover the State Legislature for a year and a half, worked on a team investigating political payoffs and contributions . Then became "idea man"

for about a year. My best idea was to go to Europe and cover the American troops during peacetime. Then I asked for and got an assignment to Vietnam where I wrote a series of articles just as the United States was getting heavily involved. Also wrote a series about the peace-keeping forces in Cyprus.

Assigned as an assistant city editor to the copy desk, filling in as deputy city editor. Headed a Bulletin investigative reporting team that "broke" the FHA scandal in Philadelphia and resulted in a federal grand jury.

Was sent to a city editor's seminar at American Press Institute, then at Columbia University, and a short while later was appointed deputy city editor, in charge of assigning most news stories. In that capacity I also helped train young writers and reporters. Then assigned to the national desk, which handles Washington, national and international news. Started a weekly column called World in Conflict.

Outside the Bulletin, I did some freelance work. Most

notably I was Philadelphia area correspondent for Time and Fortune in 1957, worked part time at the N. Y. Daily News in

1968, wrote a number of articles for Philadelphia magainze.

Honors and awards: First prize for court reporting from the Pennsylvania Newspaper Publishers Association; National Certificate of Merit, Amvets, 1965, for the Vietnam series. Served as treasurer,

Pen and Pencil club and vice president and director, Phila. Press Association.

Dear Dick:

I've been following the progress of the House Select Committee on Assassinations and its chief counsel as well as newspaper and wire service stories permit.

I gather, at least from a Newhouse News Service report, that the committee unanimously has agreed to support your request for a staff of 170 but that the actual funding will not follow until after January 1.

If that's the case, and you can use me now, I'd like to come to Washington and get involved as early as possible. I think I can be more effective in the role of press liaison officer if I arrive on the scene before the great bulk of the staff.

I have received a formal letter from Bulletin management confirming an extended leave of absence. But this does not preclude a short-term leave. Even if Congress ultimately refuses to fund the investigations fully and they are cut short, I feel I could return to the Bulletin without loss of face or funds. The experience of working for even a few weeks or months with the committee would be worth the effort.

Also, even though I would move to Washington immediately, Shirley and Sharon would remain in Philadelphia to June 30. I , therefore, would not get involved with a long-term lease until the summer. So, if the investigations are terminated early, there would be little financial hardship on my part.

The Evening and Sunday Bulletin

I understand that you are extremely busy at this point, preparing a budget and interviewing prospective staff members. But I would appreciate a call at your convenience.

I am somewhat anxious since several of the AP stories mention "a spokesman for Sprague." I recall that you mentioned a temporary press secretary, aide to Rep. Thomas N. Downing. My concern is that he may become permanent.

Best regards,

Burt Chardak

Dear Dick:

Here is my resume.

I'm also happy to tell you that The Bulletin has granted me an extended leave of absence. In fact, management, I am told, was "thrilled" with the idea.

The leave was granted in record time. This was a surprise. I thought it would take weeks of negotiation. That's why I went ahead and requested it now instead of waiting.

Of course, I explained in writing to The Bulletin that if for some reason the House does not provide sufficient funds for the dual investigation, the deal is off.

Now that The Bulletin has been apprised of the situation, I feel very little notice is required. This means I could start as your press secretary soon after things are worked out with the House committee.

I hope that is soon. I am anxious to get involved as early as possible.

Meanwhile, I'm reading extensively in the Kennedy-King literature. I'm also meeting with an old friend, the press officer for the Federal Energy Administration here, to get some ideas about dealing with the media from the other side of the fence.

I will be in Washington, Monday and Tuesday, Nov. 8 and 9, to attend information seminars with my daughter, Sharon, at the three universities. As I told you, she plans to go to Georgetown, American or George Washington.

If it's all right with you, I'd like to stop into the temporary offices of the House Select Committee on Assassinations when I'm down there.

Meanwhile, best regards,

Burt

EMPLOYEE BENEFITS

RETIREMENT: An employee of the House of Representatives is eligible to join the Federal Civil Service Retirement System. Participation is voluntary, and action to elect retirement coverage may be initiated at any time by completing the appropriate section of the Payroll Information Form. Once an election is filed and the normal deduction of 7½ percent of the gross salary commences, the employee cannot discontinue deductions so long as he is continuously employed. (Note: Legislative employees are not covered by the Social Security Act.)

LIFE INSURANCE: An employee is automatically covered under the Federal Employees' Group Life Insurance Act unless he waives or subsequently cancels such coverage by filing the required waiver form with the Office of Finance. The insurance coverage is $10,000; or an amount equal to the gross annual salary, rounded to the next higher thousand dollars (if the salary is not a multiple of a thousand dollars), plus an additional two thousand dollars; whichever is the greater. Additional optional insurance coverage in the amount of $10,000 is also available.

HEALTH BENEFITS: The Federal Employees' Health Benefits Program is available on a voluntary basis with costs partly financed by the Government. Within 31 days after the effective date of appointment, every employee must register to enroll in a plan or not to enroll. Future opportunities to enroll or to change the type of enrollment are shown in the enclosed pamphlet. Also enclosed is the necessary registration form, Standard Form 2809.

U.S. SAVINGS BONDS: Monthly deductions for bonds in regular bond denominations may be authorized. Authorization cards are available in the Finance Office.

WORK INJURY BENEFITS: An employee injured or incurring disease as a result of performance of duty is entitled to medical care and monetary benefits under the provisions of the Federal Employees' Compensation Act. In instances where such injury or disease is fatal, the employee's family is entitled to monetary benefits. The Compensation Act is administered by the Bureau of Employees' Compensation, U.S. Department of Labor. Forms for filing notices of injury and claims for compensation are available in the Office of Finance or from any Postmaster.

UNEMPLOYMENT COMPENSATION: An employee may under certain circumstances be entitled to unemployment compensation if discharged or otherwise separated from his employment. The compensation is usually payable by the State (including the District of Columbia) in which the employee had his last service. However, a claim for benefits may be filed in the local office nearest the employee's residence. If an employee is discharged for misconduct, quits voluntarily without good cause, or refuses a suitable job without good cause, then there is a period of disqualification which varies from State to State. The amount of payments and period of time payable also varies from State to State.

RE: CLARENCE DAY - INVESTIGATOR

It is my recommendation that Clarence Day be hired as an investigator for the JFK Task Force. His resume is very impressive and his long career as a law enforcement officer certainly qualifies him to be an investigator for this Committee.

Equally important were his reactions to the questions I posed to him. He came across as an intelligent man who is well versed in the law as it applies to the rights of individuals, and he impressed me as a man who would be a valuable member of our task force. — Fenton + Moriarty concur — RT

WASHINGTON, D.C. 20515

December 21, 1978

Hohorable Frank Thompson, Jr.
Chairman
Committee on House Administration
U.S.House of Representatives
Washington, D. C.

For

Dear Mr. Chairman:

One of the Committee's employees, Eileen G. Dinneen, used her annual and sick leave in July, 1978 for maternity reasons.

Upon her return to work on August 1, 1978, she elected to work 25% of her time at 25% of her previous salary.

On September 1, 1978, the amount was raised in both instances to 50%. And then on December 1, 1978, she returned to full-time status to assist the Committee on the final report.

While the action on December 1, 1978 was duly approved, through some error the Committee's budget officer was not informed. Consequently, no payroll authorization form was processed to increase her salary.

I am now enclosing a payroll aothorization form to correct this error by increasing her salary to the proper amount of $16,100.00.

I would appreciate your approving this new authorization so that Mrs. Dinneen will receive the additional amount due her in the December, 1978 supplemental payroll.

INSTRUCTIONS FOR COMPLETING FEDERAL EMPLOYEES' NOTICE OF INJURY *OR OCCUPATIONAL DISEASE,* CA-1 & 2

IMPORTANT: Employee and official superior should read all of the following instructions before the page is removed.

Items 1 through 16 of this form should be completed by the injured employee or by someone acting on his behalf, whenever an injury is sustained in the performance of duty. The term injury includes occupational disease caused by the employment. The form should be given to the employee's official superior within 48 hours following the injury. The official superior is that individual having responsible supervision over the employee.

In instances of a recurrence of disability resulting from an injury previously reported on form CA-1 & 2, the official superior should complete and submit form CA-2a.

The official superior will complete the "Receipt of Notice of Injury" at the bottom of this page, tear off the page, and give it to the employee. The official superior will also be responsible for obtaining the statement of a witness *(if any)*, signature, and date, in items 17, 18 and 19 on the front of the form.

A brief description of benefits provided by the Federal Employees' Compensation Act is given on the back of this page.

INSTRUCTIONS FOR COMPLETING OFFICIAL SUPERIOR'S REPORT OF INJURY *OR OCCUPATIONAL DISEASE,* CA-1 & 2

The back of form CA-1 & 2 should be completed by the employee's official superior. The form should be sent immediately to the Office of Federal Employees' Compensation servicing the employing establishment if:

1. The injury causes disability for the employee's usual work beyond the shift it occurred, or
2. It appears that the injury will result in prolonged treatment, permanent disability or serious disfigurement of the head, face or neck, or
3. It appears that the injury will result in a charge for medical or other related expense.

If none of the above occurs or appear likely to occur, the form should be filed in the employee's official personnel file after the official superior completes the "Receipt of Notice of Injury' and gives it to the employee.

When additional information is required to explain or clarify any point, attach supplemental statements to the form. The form should then be sent to the appropriate office of the Bureau. For further information, see the regulations governing the administration of the Federal Employees' Compensation Act (Code of Federal Regulations Title 20 Chapter 1).

DISABILITY BENEFITS FOR EMPLOYEES UNDER THE FEDERAL EMPLOYEES' COMPENSATION ACT

The Federal Employees' Compensation Act administered by the Office of Federal Employees' Compensation (OFEC) provides the following basic disability benefits for employment related injuries or occupational diseases:

1. Full medical care.
2. Payment of compensation for wage loss.
3. Payment of compensation for permanent impairment of certain members or functions of the body (such as loss or loss of use of an arm, loss of hearing, etc.) or for serious disfigurement of the head, face or neck.
4. Vocational rehabilitation and related services where necessary.

Medical care must be obtained from United States medical officers and hospitals when available and practicable. Otherwise, from any duly qualified private physician or hospital of the employee's choice. Qualified physicians may be used only if U.S. or designated medical facilities are not available, or if an emergency exists.

Compensation is paid by check sent to the employee's home mailing address. Compensation for wage loss is payable only for periods when an employee is in a non-pay status. The first three days in a non-pay status are waiting days and no compensation is paid for these days unless the period of disability exceeds 21 days or the employee has suffered a permanent disability. Compensation is generally paid at the rate of 2/3 of an employee's salary if he has no dependents, or 3/4 of his salary if he has one or more dependents.

Compensation is not paid automatically—an employee or someone acting on his behalf must claim it by filing OFEC form CA-4. This form may be obtained from the employing establishment or the OFEC. In practically all cases medical reports are required before compensation may be paid, therefore arrangements should be made to have medical reports submitted to the OFEC at the earliest possible date.

If an employee stops work as a result of an employment related injury or occupational disease, he may:

1. Use sick and/or annual leave, or
2. Receive compensation from the OFEC.

Before compensation may be paid, the OFEC must receive form CA-1 & 2; form CA-4; and medical evidence concerning the nature and causal relationship of the injury. Medical reports must cover initial examination and the employee's condition at the time claim for compensation is filed. In addition, if a case involves some complication or conflicting information, it may be necessary to obtain supplemental information.

An employee or someone acting on his behalf must complete the front of the form CA-1 & 2 and file it within one year after the injury or disease occurs. However, under certain circumstances, the OFEC may waive the one-year requirement if the front of the CA-1 & 2 is completed and the form filed within five years.

If an employee is in doubt about his compensation benefits, he may write to the Office of Federal Employees' Compensation servicing the employing establishment. (Obtain the address of the OFEC office from the employing establishment).

Select Committee on Assassinations
3331 House Annex # 2

Oct. 20, 1977

Dear Tom:

Here, without further delay or adue, is my repayment of the overpayment. You will note that it is made out to the U.S. Treasury or the Committee. This is due to the fact that I never recieved your note of September 15, so I was not sure who this was to be made out to. You may instruct those fine fellows at the Payroll Department, however, that I had an exquisitely fine time with my unexpected 'manna from bureaucratic heaven'.

Also, I wish you would advise Donovan to advise Blakey's office that I am still waiting breathlessly for their letter of recommendation. Please tell him (them) that I will not be able to obtain credit for my arduous labors of the summer until I recieve some sort of recommendation.

Thus, with all the sincerety due the occasion, I am,

Sincerely,

Dear John:

Through an oversight, the Research Unit failed to notify the Budget Office that you had terminated your services with the Select Committee. As a consequence, you were overpaid for the month of August.

As I understand the facts, you worked through Friday, August 12 and that Mr. Gay gave you vacation through Friday, August 19. Therefore, you were overpaid for the period August 20-31, 1977 which amounts to a gross salary of $220.00.

If you agree with the facts, I must request from you in the name of the House of Representatives, the return of House funds in the amount of $220.00. The check should be made payable to the U. S. Treasury and sent to me in care of the Committee.

If you dispute the facts, kindly get in touch with me as soon as possible so that we can settle the matter.

Kind regards and good luck in your classes at school.

Sincerely,

RE: John Farmer

Early August, 1977, John Farmer, The Committee's summer intern, informed me that he would be registering for classes on August 26, 1977, and would like some time off commencing August 15, 1977, so he could vacation with his family for two weeks.

Based on the countless hours he devoted, and on John's overall performance, which was exceptional, I took it upon myself to grant him the week of August 14, 1977 to accommodate his vacation plans. Therefore, he should have been taken off our payroll ending August 20, 1977.

However, I erred in failing to notify you earlier on the above, as I thought I had already done. Therefore, John Farmer was in fact paid for the remainder of the month of August, 1977.

Should there be additional questions on this matter, please contact me immediately. Furthermore, I can assure you that in the future, you will be notified immediately with regard to personnel changes.

Thank you.

Dear Mr. Sprague:

When we talked the other week, you asked that I write to you to state formally my interest in working on the staff of the House Select Committee on Assassinations, and to tell you when I would be ready to go to work.

As I told you during the interview, I am extremely interested in working as a member of the committee's staff. I look forward with enthusiasm to such an opportunity.

I spoke with Judge Higginbotham last week, and it appears that my duties in connection with my appointment as a special master will be essentially over within the next two weeks. I have also inquired about living arrangements in Washington, D.C. While nothing is definite yet, I am confident that I can find a room in one of the Jesuit communities there--most probably at Georgetown University--within the next two weeks as well. As a result, I can assure you that I will be ready to go to work in Washington, D.C., on Monday, December 13, 1976.

One last item--in accordance with your suggestion, I have been doing some background reading on the scope of the investigatory powers of Congressional committees.

Thanks again for taking time out of your busy schedule to see me. With every best wish, I am

Sincerely yours,

Tom Gannon.

EDUCATION

Baltimore Public School system until 12th grade
High School equivalency received July, 1967

At present, I have earned 45 credits towards an Associate of Arts Degree in Criminal Justice at Essex Community College, Baltimore County, Md.

EXPERIENCE

January 10, 1964 sworn into the Baltimore City Police Department - finishing 3rd in standing of 27 graduates. Thereafter assigned to the Southeastern District in uniform patrol that covered high crime areas. During this assignment I handled all types of felony and misdemeanor investigations and arrests.

December 1967 transferred to the Criminal Investigation Division and assigned to the Vice Control Unit. In this capacity was assigned to undercover work in the areas of prostitution and gambling violations. While in this assignment, I kept a low profile and learned to develop sources of select confidential information.

In May 1968 was promoted to Detective Patrolman and re-assigned to the Crimes Against Persons Unit - Homicide Squad, which is my present assignment. While in this division, I have personally investigated in the excess of 225 homidices and have been actively involved with another 150 homicide investigations. I have also conducted hundreds of investigations into the areas of questionable death, suicide, serious assault, kidnapping, armed robbery, extortion, threats of death and hostage situations. For a period of about four years, have also investigated numerous sex related offenses such as rape, perverted practices, etc.

As a result of these investigations, I have testified in the Municipal Court, Criminal Court Supreme Bench, and the Grand Jury systems in the City of Baltimore and State of Maryland. On most occasions, the Court recognizes me as an expert in the field of homicides and related death investigations.

During my assignment in the Homicide Squad, I have acted in the capacity of field supervisor for about 3 1/2 years, supervising 5 to 7 investigators and their assignments. Have also had the experience of acting undercover while with the unit and on two occasions I was hired as a paid assassin. During these operations I worked with several forms of electronic equipment and became familiar with it.

I am acutely aware of how to search crime scenes; recover and preserve evidence; examine bodies; interrogate suspects; locate and interview possible witnesses; take full and formal affadavits and all other areas of homicide investigations. I furthermore have written and have been named the affiant on numerous search warrants and seizure orders.

It has been my duty on occasion to travel into other states and jurisdictions and take custody of fugitives from justice and return them to this city to be criminally charged.

During my tenure as a law enforcement officer, I have handled numerous line-ups, surveillances, and details for the protection of suspects, informants and co-operative witnesses.

I have a full training background in the area of handguns, shotguns, rifle and tear gas devices.

TRAINING

Have completed the "Francis Lee Glasner" Homicide Seminar, held at the Medical Examiners Office, Baltimore, Maryland, under the direct supervision of Dr. Russell Fisher.

Have also attended and completed a "Federal Bureau of Investigation" seminar on "Homicide and Sex Mutilation", held in Washington, D. C.

Furthermore, I have conducted and attended numerous training classes and procedure lectures held by the Baltimore City Police Department.

COMMENDATIONS

Since becoming a member of the Baltimore City Police Department in January 1964, I have been awarded the following commendations and citations:

Two Commendation Ribbons
Three Bronze Star Medals of Valor
Six Letters of Commendation
One Certificate of Achievement from
the American Legion

I have recently been recommended by my superior officers for the Department's Medal of Honor for my actions during a sniper incident and the killing of a police officer.

WORK HISTORY

July 1976-December 1977. ACTION, 806 Connecticut Avenue, N.W., Washington, D.C. Secretary to the Director of the Peace Corps Placement Office. Performed secretarial duties, aided in coordinating office activities during a period of reorganization.

January-April 1976. Birch Bayh for President in '76, 1735 K Street, N.W., Washington, D.C. Worked for Senator Bayh's press secretary during his presidential campaign. Typed personal correspondence, typed and mailed press releases to national mailing list, maintained growing lists of persons to receive information, maintained files, answered inquiries mainly from the press regarding the Senator's schedule and stands on issues. Stayed on at request after campaign ended to write thank you notes and to help prepare Federal Election Campaign Report.

1975. Traveled to Europe and worked for Olsten Temporaries and Potomac Temporaries while searching for permanent employment. Also found temporary positions on my own initiative in the offices of Senator Gary Hart and WETA, the public television station in Arlington, Va., and Lord and Taylor's. Performed secretarial duties and sometimes administrative functions. I value this experience as I learned to adapt quickly to all kinds of working situations and in general broadened my knowledge.

April 1974-January 1975. Legal Secretary, Wilkinson, Cragun and Barker, 1735 New York Avenue, N.W., Washington, D.C. Typed legal briefs and correspondence, helped librarian prepare summaries of Federal Register, and relieved receptionist.

Was in constant contact with state legislators and members of the press. Set up a new filing system for newspaper clippings. Wrote a hundred page summary of a review of Pennsylvania's Public Employees Relations Law. Turned down a promotion to return to Washington.

Fall of 1972. Office manager during the 1972 Presidential campaign of the Democratic Headquarters in Waynesboro, Pennsylvania (my home town). Recruited and coordinated office and field staff (approximately 60 people), managed the budget, purchased office supplies and decorated the office. Met with local candidates, attended meetings and rallies with them. Planned campaign strategy with county political ledders. Liaison person with the national campaign headquarters.

1967-1972. Caseworker at the D.C. Welfare Department, Adoption Section, 101 E Street, N.W., Washington, D.C. Counseled unwed mothers who applied for adoption services, placed their infants for adoption. Had extensive contact with other referral social agencies. Prepared adoption reports. Left social work to change fields.

1964-1967. Caseaid at Family and Children's Service, 327 Fifth Avenue, Pittsburgh, Pennsylvania. Placed pre-adoptive infants in foster homes, counseled foster mothers in their care and prepared evaluations of the infants and foster homes. Supervised some adoptive placements.

Summer of 1963. Employed as a summer intern at Franklin County Children's Aid Society, Miller Street, Chambersburg, Pennsylvania. Observed and aided the social workers, did some counseling, interviewed and evaluated foster parent applicants. Worked with the director of the agency in a public relations effort: contacted and visited county residents, particularly leading citizens, to make them more aware of the agency and its functions and to locate prospective foster parents. Left to return to senior year of college.

Dick:

While the attached resume of Ms. Miriam Rudder does not reflect experience related to office duties, I know her well and certainly trust her. Therefore, I strongly recommend that she be hired for me to train as a mail clerk working along with Patricia Price. Again, as I indicated above, the most important thing to me in this instance is that I have the utmost trust in Miriam.

Your consideration in this matter is greatly appreciated.

We have received Form CA-1 reporting an injury and your agency's response to the evidence submitted. It has been determined that:

☒ 2. The information of record is insufficient to make a decision on the case; however, you should continue the employee's pay without interruption. Additional information is required as noted on the reverse of this letter.

The Honorable Frank Thompson, Jr.
Chairman
Committee on House Administration
House of Representatives
Washington, D.C. 20515

Dear Mr. Chairman:

I am requesting that you consider authorizing a retroactive pay adjustment for a former deputy chief counsel of the Select Committee on Assassinations, Mr. Robert K. Tanenbaum. Mr. Tanenbaum's employment with the Committee was erroneously terminated at the close of business July 31--three days prior to the date he actually left the Committee. This administrative error was an oversight, which went unnoticed until after the August pay period when he notified the Committee that he had not received a paycheck for August 1 through 3. His annual rate of pay was $36,000; therefore, the amount I am requesting he be retroactively paid is $300.

Mr. Tanenbaum was a valuable employee, well thought of by the Committee. I regret the error and am hopeful that you will grant this request providing Mr. Tanenbaum the pay he has earned. If there is anything further I can provide, please do not hesitate to let me know. Your attention to this matter is very much appreciated.

Sincerely yours,

LOUIS STOKES
Chairman

Mrs. Joan Thornell
Special Assistant to the Treasurer
Office of the Treasurer of the
United States
Washington, D.C. 20220

Dear Mrs. Thornell:

I am sorry you feel that you were not treated fairly upon termination of your services with the Committee.

When I received your letter, I asked Tom Howarth to give me a memorandum outlining the terms of your settlement. Enclosed is a copy.

I am sure that after you read the memorandum, you will agree that the Committee was more than fair, especially in light of the fact there was no official leave policy at the time and thus, no obligation to pay any terminating compensation at all.

As to your main area of concern, the one-day break in service, Mr. Howarth's memorandum points out that such a break has no effect whatsoever on the transfer of your benefits.

I wish you every success in your new position with the Administration.

Sincerely,

Louis Stokes

RE: JOAN T. THORNELL, LETTER RE LEAVE

Mrs. Thornell left at the close of business on Friday, May 13, 1977. As the Committee had no leave policy at that time, she made her termination effective Sunday, May 15, 1977, at my suggestion, so that she would receive two days extra in pay.

Mrs. Thornell began employment November 8, 1976 and left May 13, 1977. Under the Clerk of the House's leave policy, she would be entitled to 5 days, no credit being given for a fraction of a month when hired or a fraction of a month when terminated.

The Clerk's policy further states there are no provisions to permit reimbursement to an employee upon termination for any accumulation of leave. However, to the extent possible and practicable, every effort should be made to consider such accumulation when submitting a recommendation for termination.

Twelve Committee Staff Members with a total of 42 days accumulated leave who have terminated, including one who terminated the same day as Mrs. Thornell, were given no credit for their leave because the Committee had no policy at that time.

This fact and the fact that Mrs. Thornell was paid for six days past May 13, in my opinion, discredits Mrs. Thornell claim to "the punitive nature of the decision." The facts clearly show that Mrs. Thornell was given special consideration.

For the record, Acting Chief Counsel Al Lewis was paid for no accumulated leave. After Mr. Lewis left the Committee, he was kept on the payroll long enough to recover his back salary which I understand was the Committee's request. (Mrs. Thornell had already recovered her back salary.)

As to Mrs. Thornell's break in service, I have been told by the Finance Office that such a break has no effect whatsoever on the transfer of her benefits.

Hon Louis B. Stokes
Chairman
Select Committee on Assassinations
U. S. House of Representatives
Washington, D. C. 20515

Dear Chairman Stokes:

The circumstances of my departure from the Committee staff have saddened me because of the following:

On May 6, 1977, in writing (enclosed) I advised the then-Acting Chief Counsel and Staff Director, Alvin B. Lewis, Jr., of my intention to leave the staff as of May 15, 1977 plus whatever vacation time I had accrued since my date of entry to service, November 8, 1976.

Since there was no formal leave policy established by the Committee at the date of my notice and since I was aware of leave being extended to the Acting Chief Counsel who was also leaving service at about the same time, I began making inquiries about my own accrued leave.

On Thursday, May 12, Thomas Howarth, the Budget Officer, advised me verbally that he had not yet cleared with you the rate of leave to be extended to me in days accrued per month, but he thought that a rate of one day per month was going to be approved. On that basis, he calculated that I would be allowed 5 1/2 or 6 days of leave.

When I began a new appointment with a Federal agency on Monday, May 23, I called Mr. Howarth from the new personnel office to establish my date of termination in order to comply with the Federal law which prohibits Federal employees from receiving payment from more than one Federal source at a time. In other words, I was attempting to clear the date of May 23 as a starting date for the new employment.

At that time, Mr. Howarth advised that I had been terminated on May 19, based on a calculation of leave beginning May 14 for a total of 6 days -- which included counting weekend days in the leave period. At the time of our initial conversation, however, I was not advised that weekend days would be counted in the calculation of the leave period.

He further advised that since the House payroll system is based on a 30-day month, for purposes of calculating a termination date he counted weekend days, whereas a vacationing employee who would be returning to work after vacation would not have weekend days counted. (I checked with the Committee on House Administration and learned that though each Committee establishes its own leave policy, it is unusual to penalize a terminating employee by counting in weekend days.)

Inasmuch as there was no written leave policy I had no way of anticipating his method of calculating leave. And because of the punitive nature of the decision I have suffered a break in service which may affect seriously my transfer of benefits from the House of Representatives to my new employment. Had I been aware of his method of calculating leave, my dates of departure from the Committee, obviously, would have been different.

I hope that you will review the calculation of my date of departure and act swiftly to rectify the situation to allow my termination date from the Committee to be set at Friday, May 20, 1977, which would reflect 5 working days leave from the Committee.

I have already acted to begin employment at the Department of the Treasury as of May 23. I gladly forfeit the 6th vacation day which would have been May 23.

Thank you in advance for your kind attention to this matter and I look forward to hearing from you soon.

Sincerely,

Select Committee on Assassinations
U.S. House of Representatives
3331 HOUSE OFFICE BUILDING, ANNEX 2
WASHINGTON, D.C. 20515

MEMORANDUM

TO: TOM LAMBETH
FROM: KENNETH D. KLEIN
DATE: JUNE 16, 1977
RE: BILL TRIPLETT

It is my recommendation that Bill Triplett be hired as a staff counsel. I interviewed him approximately 5 months ago and he is far superior to almost all of the applicants I have interviewed. His legal background is excellent for our purposes. He has experience as a prosecutor, a defense lawyer and as an investigator. He impressed me as being intelligent, well spoken and as having an easy going manner.

He desires to leave his present position with LEAA due to the lack of challenge. I am certain that this Committee would be gaining a productive member by hiring Mr. Triplett.

Recommend be hired as senior staff counsel @ 30,00

Washington, D. C. 20001

Gentlemen:

Mrs. Anne Paul Wilander is one of the staff members from the Select Committee on Assassinations who is being terminated as of December 31, 1978, per copy of attached letter.

To protect Mrs. Wilander's medical benefits until she secures employment, she is being restored to the Committee's payroll on January 1, 1979 at the minimum salary of $100.00 per month allowed under the Rules of the House.

While she will work two days per month to earn the $100.00, she is technically unemployed.

When she applies for unemployment benefits, the Clerk of the House will probably respond to your inquiry that she is still employed but at a reduced salary.

I wanted you to know what the facts are about her continued employment so that nothing would interfere with her application for unemployment benefits in case she is not able to secure new employment.

Sincerely yours,

Thomas Howarth

Dear Mr. Sprague:

Gail Beagle suggested that I contact you concerning employment possibilities with the Select Committee. I am seeking a legal position on the Committee staff, and would like very much to speak with you concerning those possibilities. I am a Harvard Law School graduate and a member of the bar. Before going to law school, I was an intern with Congressman Gonzalez. In addition, I have graduate degrees and considerable experience (including teaching at Harvard) in modern American history, a facet which might be of interest to the Committee.

In Washington, a reference can be provided by former Speaker Carl Albert, who knows me well. He would be happy to respond to a request for information concerning my abilities.

I shall be in Washington through Friday, and hope to see you during that time if it is in any way possible.

Sincerely,

Paul Zevnik

RE: Mary Ceciliadell Bertucci

This lady placed a call to our Committee at 2:30 p.m. on July 18, 1978, seeking Mr. Bill Brown, and spoke to me when advised the former would no longer be available.

She advised she and her husband had been interviewed on past occasions by Brown and it was imperative these reports be modified regarding "the reward." Previously she had indicated she wasn't concerned with the one hundred thousand dollars, but she's since reconsidered and has decided to accept this recompense.

I checked the files and reviewed 5117 (2/7/78), 7196 (4/14/78), and 7255 (4/18/78) submitted by Bill Brown and found she reiterated the essential story. Today's notes added the following data:

1. Maiden name Tinner; DOB, 9/28/43; SS #439-60-9743.
2. John Fitzgerald Kennedy was her first cousin. (It was due to circumstances that they never met.)
3. Judge Garrison is her attorney of record.
4. She's currently confined to "Parker 3 West" of De Paul Hospital in New Orleans, with 11 of the 15 days' confinement to go.

None of these four items verified at this time.

Telecom. with Marine Corps 1/24/64 and attached OA-C654 completed 1/27/64.

Attached OA-C654 reflects DWE's honorable active service 10/24/56 - 9/11/59 which confirms telecom. with Marine Corps (W. C. Keene, Record Service Section, Hdqs. Marine Corps, Washington, D.C.) on 1/24/64. The DWE's discharge as Undesirable was from his inactive status in the Marine Corps Reserve from 9/12/59 to 9/13/60, which discharge did not affect the character of separation from earlier service.

MS wage credits for 10/56 - 12/56 are not precluded by type of discharge from later period of service. See CM 1823.

NAME AND ADDRESS OF PERSON(S) CONTACTED: Mr. Geo. R. Clower - Office Mgr. - Jaggars-Chiles-Stovall Inc. RI-1-5501

CONTACT MADE: IN PERSON ☐ TELEPHONE ☒

PLACE OF CONTACT: Dallas

I asked Mr. Clower to look at his copy of his 941 for 12/62. He did so and reported that he showed #727.81.

It is obvious that ~~the~~ the #636.50 appearing on the 794 for 1962 was another Employer and therefore 1962 is one of the high years.

The reason the #727.81 did not get on the wage record is because the Jaggars Corporation used an inaccurate account number. They showed 433-54-3739 instead of 433-54-3937.

1/27/64 Jaggars Corp did report for Oswald for 12/62, 3/63, + 6/63 as they say, under wrong number. The employer reports show same amounts as on 1001.

FOURTH ENDORSEMENT on Pfc OSWALD's ltr of 17 Aug 1959

From: Senior Member, 3d Marine Aircraft Wing Hardship or
Dependency Discharge Board
To: Commanding General, 3d Marine Aircraft Wing

Subj: Discharge by reason of dependency; request for case of
Private First Class Lee H. OSWALD 1653230/6741 USMC

1. Guided by the provisions of reference (a) and in compliance with Third Endorsement hereto, the Hardship or Dependency Discharge Board met at 1530, 27 August 1959 to consider the case of Private First Class Lee H. OSWALD 1653230/6741 USMC. The Marine had submitted an official request for a dependency discharge in accordance with reference (a). The following members were present:

Lieutenant Colonel Bolish J. KOZAK 07108 USMC (MWHG-3)
Major George E. MC CLANE 016430/7335 USMC (MAG-36)
Major Eugene T. CARD 035129/7304 USMC (MWHG-3)

2. Upon examination of the basic request, supporting enclosures and Service Record, Private First Class Lee H. OSWALD was interviewed by the Board. The following facts were then considered:

a. Private First Class Lee H. OSWALD, not married, on his initial three (3) year enlistment in the Marine Corps is obligated to serve on active duty until 7 December 1959.

b. The Marine submitted his request for a dependency discharge in order that he may provide physical and financial assistance to his invalid mother residing in Fort Worth, Texas.

c. The home situation of Private First Class OSWALD has been aggravated subsequent to his enlistment date through incapacitation of his mother as a result of an industrial accident. The mother is no longer gainfully employed due to her physical condition and has no source of income. The presence of her son, Private First Class OSWALD, is required for physical and financial assistance.

d. One son, married and residing in Fort Worth is unable to provide either financial or physical assistance to the Marines mother due to his marital responsibilities and the inability of the two families to maintain a common home. Another son, married, with the U. S. Air Force on active duty in Japan, cannot furnish financial support.

CONFIDENTIAL - ADMINISTRATIVE

TO : Kansas City Payment Center

DATE: June 3, 1965

FROM : Jess C. Carter, Assistant Manager
Dallas, Texas

SUBJECT: Lee Harvey Oswald - A/N 433 54 3937

Our newspaper has reported the re-marriage of the wage earner's widow. Since the language barrier is still a problem with her it is possible she will overlook making a proper report. Reportedly the marriage took place on Tuesday June 1, 1965.

This will acknowledge your inquiry regarding the check(s) for the month(s) of July 1969 to be rec in Aug

The Treasury Department desires that each person promptly receive the amount due him but wishes to avoid unnecessary expense in record searching which results in many instances in finding the check was correctly paid. On a notice, such as you have furnished us, the Treasury Department must necessarily search its payment records from the date of issuance of the check until the date that a substitute check will be issued. Because of the large volume of payments, the searching operation entails a heavy expense for each item. Accordingly, it is requested that you fill out the questionnaire on the reverse of this notice and RETURN IT IN THE ENCLOSED ENVELOPE. UNLESS THIS QUESTIONNAIRE IS RETURNED NO FURTHER ACTION WILL BE TAKEN.

If you receive the check before hearing from the Treasury Department you should notify the social security district office shown above. ~~You may use the enclosed post card to notify us.~~ After sending in this notification, you may cash the check.

Upon receipt of this questionnaire, action if necessary, will be taken by the Treasury Department to place a stop payment on the check and to refer the case to the United States Secret Service for investigation and clearance so a duplicate check can be sent to you. The Treasury Department will get in touch with you if it needs further information.

Sincerely yours,

District Manager

I discussed the amount of earnings for 1963 with Mr. Martin. He said our 1001's were correct. He stated the $2600.00 shown on the application form was simply a very liberal "guess".

I feel that we can accept the 1001 total for 1963 without hesitancy.

Mr Donald A. Purdy, Jr.

I have had xerox's made of my tax returns and am enclosing the copies for the years 1967 to 1976.

I and my wife have looked in the various places where we normally keep our important papers and we could not find the tax returns for the years 1962 to 1966

We have moved four times since we left Dallas in 1966. It is possible that we disposed of them in the process of moving from one place to another. We probably never anticipated any further use for them.

Should there be any other documents that I have in my possession and you are in need of them during the course of your investigation I will be happy to mail them to you.

Sincerely Yours
Samuel D. Ruby

MEMORANDUM

January 11, 1967

SSN. = 420-56-3625
(Later referred to as "Agent #1")

TO: LOUIS IVON, INVESTIGATOR

FROM: LYNN LOISEL, INVESTIGATOR

RE: PHONE CALL FROM JIMMY JOHNSON REGARDING FERRIE AND THE SMITH CASE (January 10, 1967, 4:00 P. M.)

It is to be noted that Jimmy Johnson who was once a close associate of Ferrie, but broke free from Ferrie but as a favor for this office, renewed his friendship with Ferrie for information purposes for this office.

Jimmy stated that Ferrie had contacted Pershing the other day in regards to the Cuban woman's name that was mentioned in the Saturday Evening Post article.

That Ferrie had called a lawyer (name unknown) last night which would be January 9, 1967, and spoke with the lawyer about his being investigated by this office. Details of conversation unknown.

Ferrie has a lot of old army paraphernalia in his apartment, such as, walkie talkies, incendiary bombs, etc.

Ferrie was showing nude pictures (moving films) to two young boys and a district police car shined a light on his front porch and he really became frightened and uncontrollable, telling Jimmy that the police must suspect him.

Jimmy stated that one Steve Littleton parked a twin-engine beachcraft in Ferrie's spot at the airport, and that their plane was flown in from out-of-town. It is at Ferrie's disposal. He also heard Ferrie and Littleton talking about a little island somewhere and they were interested in knowing if they could land the beachcraft on this island.

Jimmy feels that they may have taken a smaller airplane and flew to this island today to look at a possible landing spot.

Interview: Mr. Call stated that in 1959 he was in the United States Marine Corps and stationed at El Toro Bay Marine Air Station in Santa Anita, California. He stated that at the time he was a Sergeant in the Marine Corps and that his Marine military speciality was aeronautical electronics operator. He stated that Lee Harvey Oswald was under his immediate supervision.

Call stated that his duties and that of his unit was to track aircraft on a radar scope. He further advised that his unit at that time only worked two or three days out of a week. He stated further that Lee Harvey Oswald's specific duties involved sitting in front of a large radar screen that constantly scanned certain areas for aircraft. Once the aircraft was spotted, it was his duty to track the aircraft until it had cleared the area. Call further continued and stated that his unit had security clearance and he described this level of clearance as being "confidential." He indicated that the security clearance was necessary due to the nature of the work that his unit was doing and also because of the type of radar equip-

ment the unit used. Mr. Call stated that he was Oswald's immediate supervisor. He was not a close friend of Lee Harvey Oswald but the interest they shared was mainly the game of chess. Oswald would play chess with him quite often. He described Oswald as being quiet. He didn't talk very much. During any conversation that went on, the other person had to solicit it from him. He described him as being a loner, staying off to himself, not having very many friends or having very much contact with other people in the unit. In his words, Mr. Call described Oswald as being "an oddball." Call stated that he had never gone off the base or socialized off the base with Lee Harvey Oswald. He knew of no civilian or military personnel who he was particularly friendly with.

In regards to whether or not Mr. Call knew that LHO was studying a foreign language, Mr. Call stated that LHO was studying the Russian language. He had many books and he purchased Russian records, that is, records of music. Mr. Call could not recall the title of the books but he did state that LHO subscribed to two Russian periodicals, or newspapers. He stated that the two newspapers were the two most popular Russian newspapers in circulation in the United States today. Mr. Call recalled a particular record that he owned that was in Russian. The name of the record he said was "Russian Fireworks." He said that LHO enjoyed listening to the Russian music that he owned, that is, Mr. Call's. Mr. Call recalled to memory that on occasions he would be playing Russian music in his quarters and if LHO heard the music he would respond to where he was and reply "Did you call?" Mr. Call stated that it was common knowledge in his unit that LHO was studying the Russian language and that he was very interested in the Russian way of life. Mr. Call knew of no persons that Oswald was studying Russian with. He stated that LHO also had a security clearance, the same security clearance as everyone else in the unit. Call was not sure of what particular training LHO had had; however, he did indicate that LHO had had training in the use of radar tracking equipment. He stated that LHO was a very tight person with money. He never knew him to have an over-abundance of money. Call stated that he had no knowledge of any military personnel who LHO had close contact with, with the exception of a lieutenant by the name of Donavan who he used to play chess with. He also played chess with a Marine by the name of Botello. Call stated that he did/not know Botello's full name, but he believed he was a major in the Marine Corps, that at the present time Botello is a judge in the state of California. although he isn't certain of which state. As far as LHO's interests--personal or professional--were concerned, Call stated that he had no knowledge except that LHO was very interested in the Russian way of life. He was extremely interested in trying to learn to speak the Russian language, so much so that it became a joke in the unit. Instead of calling LHO

"Lee," the men in the unit would call him either "Comrade" or "Oswaldovitch." Lee would show his interest in the Russian way of life by, on occasion, when he was playing chess, if he was asked which men he wanted out of the set of red and black men, LHO would say "the Reds always." Mr. Call knew of no particular military program that LHO was interested in. However, he did state that in 1959 he, LHO, and another Marine named Delgado, all qualified on the rifle range. He considered LHO a very good shot with a rifle. LHO qualified with a score of 212. He stated that he shot right alongside LHO during their qualification. This witness knew of no organizations or informal groups that LHO belonged to. Mr. Call stated that LHO had never spoken to him about the U-2 program. Call further continued and stated that at that time he didn't know what the U-2 program was, that is, Mr. Call didn't know what the U-2 program was. Mr. Call stated that he knew that LHO had shot himself in the arm, or that he had been shot in the arm, that he heard from other men in the unit that Oswald had shot himself in the arm. Call did not know the particulars of the incident. Call stated that he did not know that LHO had a family until 1959 when he was about to be discharged from the service. LHO came to him and told him that his mother was ill and that he was getting a hardship discharge from the service. Call stated that before this time, LHO during the entire time he knew him, had never spoken of any member of his family. Call indicated that he was quite shocked to learn that LHO was getting out on a hardship discharge. Call further stated that prior to his discharge from the Marine Corps, LHO told him that he had been accepted to study at a university in Switzerland. Mr. Call knew of no long extensive periods of time that LHO was separated from the unit while he was under his command. When asked if he, Mr. Call, had been questioned by any federal agency after the assassination, Mr. Call responded that about a week after the assassination of President Kennedy, he was interviewed by agents of the FBI. He does not recall the agents' names. Mr. Call further stated that about a year ago, he was contacted and interviewed by Edward Jay Epstein, the author of the book entitled, "The Legend of Lee Harvey Oswald." Mr. Call described LHO as being a person who was very discontent with the conditions in the United States at that time. Mr. Call stated that he had never heard LHO make a threat against the President or any other official of the United States.
